

## Research Intake Analysis Form

This Research Impact Form is designed to help determine what resources are required to support your research project before it starts. Please set up a meeting with the Abilities Centre Research Ethics to discuss further (<a href="mailto:researchethics@abilitiescentre.org">researchethics@abilitiescentre.org</a>). Prior to meeting with Research Ethics, complete this form to the best of your ability. The remainder of the document can be completed in your meeting with Research Ethics. If you have a protocol and budget that has already been developed, please append to this form.

Title of Project:
